**RESPONSE TO RESTRICTION REQUIREMENT
AND
RESPONSE TO ELECTION OF SPECIES REQUIREMENT**

Commissioner for Patents
P.O. Box 1450

Sir:

In reply to the March 8, 2006 Restriction Requirement, Applicant provisionally elects Group I (claims 1-7), with traverse. In reply to the March 8, 2006 Election of Species Requirement, Applicant provisionally elects the species identified as "extending the substrate," with traverse. At least claims 1, 3, 4, 6 and 7 read on the elected species.

It is also respectfully submitted that the subject matter of all claims and all species is sufficiently related that a thorough search for the subject matter of any one group of claims or species would encompass a search for the subject matter of the remaining claims and species. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it is stated that "if the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or

distinct inventions" (emphasis added). It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicant and duplicative examination by the Patent Office.

For the foregoing reasons, Applicant respectfully requests withdrawal of the Restriction Requirement and the Election of Species Requirement.

Respectfully submitted,

James A. Oliff
